ST935K Rugged Tablet

ST935K is a powerful rugged industrial tablet. This device has great battery performance and a screen with 1920x1200 full HD resolution, along with 450 NITS brightness for good readability even in direct sunlight. It is running on an Intel Atom Z8350 1,44GHz Quad-core CPU and is IP65 Rated for harsh environments. Because of this, ST935K can be deployed in many different areas such as manufacturing, logistics, warehouse/asset/animal management, and much more.

Specification
